

# INTRODUCING The Logical Choice *Logi-Max Pro*

*a simple yet powerful treatment  
For Better Water!*

**Advanced water treatment utilizing cutting-edge technology to deliver the highest efficiency, highest capacity system available.**

**Limited Lifetime Warranty** covers the salt tank, resin tank, ion exchange resin, and valve body for a lifetime. All other parts (including electronics) are covered for 5 years.

**High Capacity Premium Blended Ion-Exchange Resin** ensures a continuous supply of softened water with minimum of salt usage and no hardness leakage.

**Smart Electronics** save salt and water by monitoring your last 28 day water consumption, automatically adjusting to changing water usage. No guesswork, no reprogramming.

**The Big Picture LCD** readout displays large, high contrast numerals and icon graphics, and displays remaining capacity, so you'll know how much water is available until next regeneration cycle.

**NOVARAM Smart Memory** ensures that all critical information is stored, even during power outages!

**12 Volt Electrical System** uses less than a toonie (@\$2) of electricity per year, posing little danger of electrical shock.

**Fully Programmable Cycles** means that the system can be tailored to address almost any water condition.

**Soft Water Brine Tank Refill** keeps the injectors and the brine system clean, preventing expensive service calls.

**ONE Moving Part in the Water Stream** means that there is virtually no maintenance, ensuring years of trouble-free service.

**DuraFlow Valve Discs** are seated in a vertical position and will not etch. This valve will not leak because the valve seal is held by water pressure.

**High Flow Rates of up to 25 GPM** guarantees that you will get maximum water pressure with low pressure drop. So go ahead and enjoy those long, hot showers!

**Logi-Max System** may be regenerated with either salt or potassium.

**Salt Grid and Safety Brine Valve Assembly  
Includes Bypass Valve**

Osmonics Revolutionary New "Logix™" Ultra High Efficiency Valve with its extra large LCD display.

10x18" Corrosion Resistant Tank Containing a Special blend of carbon medias. For removing various tastes and odours, chlorine, VOC's Volatile Organic Compounds & TOC'S Toxic Organic Compounds As well as a revolutionary new Water Treatment Process Material called KDF (55) A bacterial static media that can remove many heavy metals & chemicals using an oxidation / reduction [redox] reaction Almost like having a "Brita™" on every tap & shower in your house!

Special tank connector with media separators, complete with a 1.05" distributor tube enabling unrestricted high flow rates.

A second 10 x 35" Corrosion Resistant Fiberglass Tank Containing a Special blend of Premium Quality High Capacity Ion Exchange Resins.

Special Adjustable Base that allows easy leveling for on those not so level floors

The Logical Choice

# *Logi-Max Pro*

Enhancing The Quality Of Your Water  
Enhances The Quality Of Your Life.

**QUALITY  
You Can Feel**

**A DIFFERENCE**

**You Can Taste!**

*The Quality of  
Your Water  
Enhances  
The Quality  
Of Your Life!*

## *Healthier*

### **A Healthier, Cleaner Kitchen**

Water never tasted so good. Enjoy fresher more natural flavors when cooking, boiling and steaming.

Dishes, china and cutlery are cleaner, glasses and crystal sparkle with no spots and no etching on pots and pans!

**Drinking water is healthier, tastier, as is tea, coffee, juice and ice**

Because you need less soap and have no need for harsh chemicals, you save money on cleaning supplies and have peace of mind that your water is safe for you and your family. Your appliances will last longer too!

*Softer*

Conditioned water creates more lather and rinses cleaner leaving your skin feeling softer and smoother after showering, bathing and shaving. Enjoy softer, silkier and more manageable hair.

Clothes and towels are whiter, fresh and softer and they will last longer using 50-75% less detergents.

Washing machines will perform better and last longer because of less mineral build up.

*Efficient*

## *Why choose Logi-Max Pro?*

### **Better Functioning, More Efficient Plumbing and Appliances!**

- Improved Water flow and pressure because of less build-up in your pipes.
- Increase Water Heater Efficiency 22% to 29% with less mineral scaling.

### **Less Fuel, Less Energy Consumption. More Savings.**

Increase the life-span on dishwashers, washing machines and other indoor/outdoor appliances.

Our patent pending, innovative water treatment system saves up to 50% in salt and water use compared to competitors and conventional mechanical time-clock systems.

### **Would you own a home without a front door? Your door is the barrier that keeps out bad weather, dirt, bugs and other undesirable elements so why allow problem water into your home?**

Choose the LOGI-MAX PRO, our innovative quality water treatment system as your family's front line of defense against hard water, elements, iron, rust, minerals, sediment and a variety of other substances including chlorine, that affect the taste and odour of your water. Don't mask, reduce and remove potential chemicals that may be present in your source water BEFORE it enters your home.

Hard water is the main offender and affects everything from the functionality of your plumbing, the softness of your clothes to the cleanliness of your home.

The Logi-Max system enhances the quality of your water with immediate and visible benefits in the basement and garage, in the laundry room through to the kitchen and bathrooms! No more grungy looking shower heads, enjoy sparkling appliances and surfaces, throughout your home. Say "Goodbye" to bad tasting water and "Hello" to whiter, brighter laundry!

Reduce hard water, chemicals and mineral build up and rejuvenate the lifeblood of your home with the patent pending, innovative Logi-Max Pro water treatment system. Find out today why we prove "Enhancing the Quality and Taste of Your Water, Enhances the Quality of Your Life!"
